ELECTRICAL ENGINEER TO GOVERNMENT Inwd. No. 3658 17 JUL 1944 File No. LRM 31 P. W. D., BOMBAY

The Secretary to Government,
Public Works Department,
Government of Bombay,
BOMBAY.

Through,

The Electrical Engineer to Government,
BOMBAY.

Sir,

Reference:- Regarding War Cost Surcharge.

We beg to submit herewith a statement of the first schedule forming part of the second proviso to sub-clause (2) of clause 3 of our undertaking namely The Nipani Electricity Company Limited as required per your letter No: 6373/36 of the 16th June 1944.

We beg to state that all the calculations for arriving at a rate of war cost surcharge take as a base the best available evidence of relevant expenditure and revenue from sales of --- energy. The following figures will show the comparative increased expenses on the basic year 1938/1939, prior to surcharge and estimated figure for 1944/1945.

		1942-43	1944-45
As per statement of increased cost on generated Units.	A		960-0-0
	B	1814-0-0	3732-0-0
	C	1733-0-0	3221-8-0
		3547-0-0	7913-8-0

The estimated surcharge will be Rs. 7197/- for the year 1944-45 while the increased expenses will be Rs. 7913-8-0 which justifies for the levy of Surcharge upto 33 and 1/3 percent.

From the attached statement it may be observed that the rate of Diesel Oil is increased from Rs. 34.8 per ton in the year 1942-43 to Rs. 68.9 per ton in the surcharge year 1943-44 and it has gone to Rs. 76.7 in the year 1944-45, i.e. Rs. 42/- per ton is a nett increase for the estimated year than prior to surcharge year.

In the year of surcharge 1943-44 the maintenance charges for mains and service lines will be found low as compared to the

The Nipani Electricity Company. LTD.

MALMADDI, DHARWAR

Managing Director
R. D. PATRAVALI

Ref. No. _____ Page 2 Dharwar _____ 194

Continued

previous years. We were declined to spend on these items due to the heavy cost of the materials. During the current year 1944-1945 we have to expend the estimated amounts to maintain them in full working order.

It will not be out of point to state that Company has given effect of increments to its staff in addition to dearness allowance as part consideration of extra allowance to substantiate increased cost of living. We beg to state that the salaries paid to staff in March 1939 was Rs. 588-0-0 where as the salaries paid for the same month in March 1944 is Rs. 804-11 which shows an increase of about 40 per cent and a total increas by Rs. 2600-0-0 in 1944-45 than 1938-39. This item is not taken in calculating war cost surcharge,

In view of the above consideration we deem it desirable that the rate of 33 and 1/3 per cent surcharge will justify the need in our case.

In due consideration on the above points we agree to execute the undertaking set out in the second schedule to this order in accordance with such demand as the provincial --- government may, in pursuance of clause 6, think fit to make.

We beg to remain,
sir,
your most obedient servants
For The Nipani Electricity Co: Ltd.,

Managing Director.

The Nipani Electricity Company Ltd

Head office:
MALMADDI, DHARWAR

R. D. PATRAVALI
Managing Director.

Ref. No. 36/44. Dharwar 22nd July 1944.

The Electrical Engineer to Government,
Public Works Department,
BOMBAY.

Dear Sir, RE: WAR COSTS SURCHARGE.

We are in receipt of your letter No.L.R.M.31/1730 of 1944, dated 17th instant, along with the model form and beg to submit the information called therein, and hope you will find the same in order. It will be obvious from these figures that the charges recoverable for supply of energy as per clause-3(2) for 8 months from 1st August 1944 to 31st March 1945 amount to Rs.14,400/- and the deficit recoverable for this period is Rs.19,700/-. Therefore the War Costs surcharge works out to 137% on the overall charges. But as under clause 4(i)(a) this surcharge cannot exceed 33,1/3%. 33,1/3% surcharge may please be sanctioned.

We declare that

(a). the rate of war costs surcharge which we deem desirable, calculated in accordance with this order should be 33,1/3%.

(b). We append hereto the revelent calculations showing how the rate of the War Costs Surcharge which we deem desirable have been arrived at.

(c). We certify that the aforesaid calculations are correct to the best of our knowledge and belief.

(e). We consider that the Provincial Government should waive the undertaking in the second schedule of the order for the reason that the War Costs Surcharge under this Order is falling short by 104.2/3% and there should be no surplus left as provided for under this schedule. Secondly, if margin be left at all that will be more essentially required for replacement of the machinery parts which are overdue and which could not be obtained due to hostilities. The present machinery has overstrained due to unavailability of manufacturers original spare parts and unavailability of additional new sets and immediately after the war special attention will have to be given to the present plant as soon as machinery parts are available.

We shall now be grateful if you will kindly sanction the war cost surcharge at your earliest convenience, so that, we may not have a risk of running the concern at a loss due to high rise in cost of maintenance materials and of fuel etc.

We beg to remain,
Sir.
Your most obedient servants,
MANAGING DIRECTOR.

THE NIPANI ELECTRICITY COMPANY, LIMITED.

(A) Period during which surcharge is now proposed to be levied under the Order i.e. Accounting year 1944-45 (Namely from 1st August 1944 to 31st March 1945)

File No. 7027/36
26 JUL. 1944
Serial No. 20585

OFFICE OF THE ACCOUNTANT GENERAL, BOMBAY.

Returned with compliments.

2. The Company has taken into account, for the purpose of surcharge, reductions in revenue due to restrictions in the use of consumption of electrical energy, in accordance with clause 8 of the order but has not given any details showing how the amount claimed has been arrived at.

3. In view however of the fact that rate of surcharge even after excluding the above figure of Rs.3,200 for the year 1944-45 works out to 35.4%, the rate of 33 1/3% claimed by the Company, seems to be reasonable and may be allowed.

4. I recommend that the taking of an undertaking in the form set out in the second schedule to the order may be waived in respect of this Company.
